

Leadership Announcement: Anthony Molina, PhD, Named Interim Scientific Director of the Stein Institute for Research on Aging

We are pleased to announce that **Anthony Molina, PhD**, Associate Professor of Medicine at UC San Diego will serve as Interim Scientific Director for the Stein Institute. Dr. Molina was a key faculty recruit to the UC San Diego School of Medicine and serves as the Vice Chief of Research in the Department of Medicine's Division of Geriatrics, Gerontology, and Palliative Care. In this role, he provides leadership for the research program and is committed to the career development of faculty, fellows, and students who are interested in aging research and the healthcare needs of older adults.

The overarching goal of Dr. Molina's research program is to support healthy aging and to advance precision healthcare for older adults. His team is leading efforts to: 1) understand the factors influencing the cognitive and physical abilities of older adults, 2) develop improved diagnostic/prognostic tools, and 3) identify strategies for promoting healthy longevity. To learn more, please visit www.molinalab.com.

Additional academic roles include Founder and Director, San Diego Gerontology Research Collaborative; San Diego Nathan Shock Center, UCSD site PI, and co-Leader of the Human Cell Models Resource; and chartered member of the NIH/NIA Aging Systems and Geriatrics Study Section.
