The first-ever statewide Community Assessment Survey for 55+
The first-ever statewide needs assessment for Californians aged 55 years and older just launched. The Community Assessment Survey for Older Adults (CASOA) is not just another survey; it's your chance to shape the future. Designed by experts and backed by solid statistical validity, CASOA empowers you to voice your needs and preferences. We're committed to designing programs, supports, and services that are centered around the evolving needs of older Californians.

CASOA isn't just another survey – it's a gateway for you to shape the path ahead. Meticulously crafted by experts and underpinned by unwavering statistical rigor, CASOA empowers you to share your needs and preferences. Tell us what you need today and in the years ahead so that CDA can enhance or develop programs, supports, and services to help you and the millions of other Californians over the age of 55.

We understand that surveys can sometimes feel complicated or intrusive. We respect your privacy and ensure that your responses remain confidential. This survey is also a significant opportunity to gather information about sexual orientation and gender identity, ensuring that healthcare remains patient-centered and of the highest quality across California.

Your insights matter.
